

COMING TO MORGANTOWN

Morgantown, W. Va., is easily accessible from much of the Mid-Atlantic area. Our city is located in north central West Virginia, near the intersection of Interstates 68 and 79. Here are directions to get to our club from the major highways. One note of caution, many of our streets in the downtown area are one way. Be wary of how the traffic flows.

* As you enter the area from the east on Interstate 68, exit at the South Morgantown interchange (Exit 1) and proceed north on US 119. Travel about three and a quarter miles to the intersection with Pleasant Street. A bridge crossing the river is also located here. Make a right and proceed up the hill. Parking lots are located on both sides of the street in the next two blocks. The bank lot on the left towards the next traffic signal is free. Our club is located at 128 Pleasant Street, just below the Black Bear Café.

* Coming from the north on Interstate 79, go about eight miles and exit at the Westover/Downtown Morgantown interchange (Exit 152). Proceed north on US 19. This is a windy road with heavy traffic. Most traffic is heading towards town, so just follow the flow. Travel about two miles and cross the river. Proceed straight through the traffic signal onto Pleasant Street. Parking lots are located on both sides of the street in the next two blocks. The bank lot on the left towards the next traffic signal is free. Our club is located at 128 Pleasant Street, just below the Black Bear Café. Look for the **RED** asterik on the map at right.
